

## DAMAGE BY FLOOD

## Ohio River Now the Father of Waters.

## COUNTRY INUNDATED FROM PITTSBURG TO CINCINNATI.

## RAIN IS AGAIN FALLING

## Factories are Closed and Thousands are Idle.

## Losses Will Run Into the Millions—Stories of Disaster from Many Points.

Washington, D. C., April 22.—The weather bureau has issued the following special river bulletins:

During the past twenty-four hours the Ohio has fallen 4.4 feet at Pittsburgh, and 5.8 feet at Davis Island dam. It has risen 4 feet at Parkersburg, 7.1 feet at Cincinnati and four and four-tenths at Louisville. The river will pass below the danger line, twenty-two feet, at Pittsburgh today. The crest of the flood will pass Parkersburg today. The river will pass the danger line, fifty feet, at Cincinnati, by to-night, and the crest will pass that place to-morrow. At Louisville the danger line of twenty-eight feet, will be reached by Tuesday night. There are no present indications of a change in the conditions sufficient to check the falling waters over the upper Ohio.

PITTSBURG, Pa., April 22.—While western Pennsylvania was fairly out of the clutches of the flood today, fears of a quick repetition of the disaster, perhaps on an increased scale, seemed to haunt the people. Weather conditions are not reassuring. It is again raining at Pittsburgh early to-day, and the Allegheny showed a renewed rise with a continued downpour. Warmer temperature acting on the snow was a factor that also caused some apprehension. The waters at this point have been steadily receding since 3 o'clock yesterday afternoon, but the retreat has been very slow indeed.

At 9 o'clock this morning the Allegheny marks showed twenty-one feet and falling about three inches an hour. Rooms and scrubbing brushes were manipulated vigorously in Allegheny and Pittsburgh today and the practical cleaning was carried on in earnest. It is impossible fairly to approximate the loss resulting from the high waters. Estimates vary from \$2,000,000 to \$3,000,000, but the first figures will probably come nearer the correct amount.

A sketch of the situation would place in the foreground 3,000 idle employees, who, in two days of enforced idleness, will lose \$300,000 in wages. Damage to plants along Pennsylvania avenue and to the vast Westinghouse manufacturing establishment at Uniontown, with the shut-down of other big establishments at Rankin and boroughs in the Turtle creek valley easily mounts up to half a million. The aggregate loss to railroads is estimated at \$100,000. Property in Allegheny has suffered injury to an equal extent. Marshalling with these the manifold items of damage to other adjacent communities, the total of \$1,000,000 can easily be reached. The Ohio will probably continue to rise until it is not able to resume before to-morrow.

The railroads are rapidly getting into shape again, and by evening it is expected that all trains will be running on schedule time. The source of the greatest trouble is at Clayville, a short distance from the West Virginia line. At 11 o'clock it had ceased raining at Pittsburgh, but was still cloudy and threatening. The Allegheny marks registered twenty feet nine inches and the Monongahela twenty-two feet. Both rivers were falling at the rate of about two inches an hour. The Allegheny rose about two and a half feet at Oil City since last night, but this water will not reach Pittsburgh until some time to-morrow.

## A SEA AT CINCINNATI.

Part of City Flooded—Kentucky Towns Suffer.

CINCINNATI, O., April 22.—The danger line was reached here today in the Ohio river flood which started at the headwaters in the west, and did not reach damage at Pittsburgh and intermediate points. The backwater along the Licking, on the Kentucky side, has inundated parts of Covington, Newport and other suburbs. The Mill creek valley is full of water that is doing damage in the west, and at Cincinnati. A similar condition exists in the east end and along the Little Miami bottom. But the worst condition is along the public landing and in the lower part of this city, where sewers are blocked and cellars filled with backwater. A stage of forty-five feet causes damage in this section and this stage was reached last evening. At fifty-three feet, trains can not enter the Grand Central station; at fifty-six feet, the baseball park is flooded, and at fifty-eight feet the race track in Newport, Ky., must stop. All of these stages are in sight. The Ohio will not due here till to-morrow, but the extent

## Storm Center Now in Indiana

"The storm center to-day," said Observer Wappenhans, of the Weather Bureau, "is over southeastern Indiana. This storm has acted strangely. It was central on Saturday of the Virginia coast and also on yesterday. This morning the center has shifted to southeastern Indiana. It is now moving in a westerly direction, and is expected to be cloudy to-night and sunny to-morrow."

It has been closely anticipated, and preparations have been made accordingly. The Grand Central depot can, at the present rate of the rise, be used until 10 o'clock to-night, but the railways entering it are already arranging for stopping at and starting from the Eighth street station. Reports from up the river indicate rain at most points and the river rising as the Pittsburgh crest meets the floods of the lower river tributaries.

Relief Steps Taken.  
Mayor Fleischman and the city officials made a tour of inspection in petrol after flood took a boat. Relief will be provided for all in need of it. The Chicago ball club arrived today, but the water lacks only ten inches of flooding the ball park and there will not likely be any games this week. The races on the Newport track will proceed, although the course is very sloppy. While some of the railways may be unable to reach their depots, none will be shut out of the city and traffic from suburban stations will proceed as usual. The Cincinnati, Portsmouth & Virginia division of the Norfolk & Western, is badly washed out east of this city, but its terminals here are all right.

At Wheeling, W. Va., the river was forty-one feet four inches and rising two inches an hour at last report. In Wheeling, Belleaire, Bridgeport, Benwood and Martin's Ferry about 500 houses have been entered by the water, most of the families moving to upper floors. Nearly every manufacturing establishment in the Wheeling district is shut down and can not resume until Tuesday. At Martin's Ferry the water destroyed 500,000 brick at the Belmont Brick Company, entailing a loss of \$20,000 to \$30,000. There are smaller losses at other plants, aggregating probably \$40,000.

Deep at Lawrenceburg.  
At Newport, Ky., there was fifty-three feet at noon, the gauge there being deeper than on the Cincinnati side. A great portion of the city is submerged. The fifty-foot danger line was reached at noon and a general inundation followed.

At Parkersburg, W. Va., Ann Julian and her son are under water and were at the first floors of business houses are filled with water. In the Riverside and South Side suburbs the water is in the second stories and hundreds are homeless. Mayor Vandervoort has appointed relief committees and appealed to the public for funds.

At Portsmouth, O., merchants in the lower districts are submerged and hundreds of residences have been abandoned in that vicinity. Public schools were dismissed so as to use the buildings for sheltering the homeless. The schools were dismissed at Ironport for the same purpose.

## WIND LASHED LAKE MICHIGAN.

Vessels are Hugging the Shore at Chicago.

CHICAGO, April 22.—The great storm of wind, snow and rain which prevailed in the middle East Saturday swirled around unexpectedly Sunday and swept over Lake Michigan into Chicago. It did damage to property, blew down trees and shrubbery in the parks and boulevards, crippled electric wires and whipped the lake into the heaviest sea of the season. Shortly after sunrise the wind raised and began to increase in speed until by noon it was racing over the city at the rate of fifty-two miles an hour. Early in the day the signal service forecast trouble ahead. Warning signals were flung out to mariners in the city and along the lake. Obeying them saved more than one vessel from what would certainly have proved disaster.

It was fortunate that a large number of schooners and grain steamers that were warning came in time, for they were warning in the river and intended to sail yesterday. Instead, they were wind-bound through the day and night, and will not move now until the wind has died down. Boatmen coming down the lake, making for Chicago, but in at convenient ports, so that no reports of mishaps have so far been received.

The high wind yesterday loosened a huge iron water tank from its fastenings on the roof of the Garbath building, Madison and Franklin streets, causing it to fall into the water, and splash the ground, injuring five persons and resulting in damage to the building estimated at \$50,000.

## SNOW AND FROST.

Cotton and Other Crops Damaged in the South.  
ATLANTA, Ga., April 22.—Low temperature in some sections injurious to cotton and other growing crops, prevails over the Southern States today. The Weather Bureau reports frost from this morning in the vicinity of Jacksonville, Fla. and in the vicinity of Charleston, S. C. Snow is reported at Gainesville, in northeast Georgia, the mountain-top being capped with white—an unusual sight at this time of the year.

Albany, in South Georgia, reports the estimated damage to cotton at 50 per cent., and that watermelons and cantaloupes have been injured 25 per cent. Fruit in that section is apparently safe. American, in southwest Georgia, wires that considerable replanting of cotton will be necessary.

## AT HUNTINGTON, W. VA.

River is Slowly Rising—Reports of Suffering Received.

HUNTINGTON, W. Va., April 22.—The Ohio river is fifty-three feet and rising 1.3 inch an hour. At this rate it will reach the danger line, fifty feet, in the central and southern portions of the State are falling at headwaters, but Guyandotte, Twelve Pole and Big Sandy rivers have been rising at Charleston, mouth. News of suffering and great damage continues to come from many points along these streams. No loss of life has been reported. The Ohio will likely not exceed fifty-five feet here. Numerous neighboring towns are flooded.

## POTOMAC IS UP.

Cellars at the Nation's Capital are Doomed.

WASHINGTON, D. C., April 22.—The Weather Bureau has issued a special river bulletin, which says: "At 9 o'clock this morning the stage of the Potomac is 12 feet 6 inches. The crest of the Pittsburgh rise is not due here till to-morrow, but the extent

Continued on Page 3, Column 2.

## SIX PEOPLE PERISH

## Caught in a Burning Hotel at St. Marys, W. Va.

## FIRE WAS CAUSED BY EXPLOSION OF GAS.

## BUILDING SOON IN ASHES

## MANY OTHER GUESTS NARROWLY ESCAPE DEATH.

John Slater, Son of the Proprietress of Commercial Hotel, One of the Victims.

ST. MARYS, W. Va., April 22.—By the burning of the Commercial Hotel here, last night, six persons lost their lives. The dead are: SAMUEL CUNNINGHAM, driller, Rockford, Pa. JOHN GEORGE, oil man, Butler, Pa. HARRY ROBINSON, tool dresser, Corning, O. BERT SMILEY, shooter. SMILEY'S MATE, name unknown. JOHN SLATER, son of Mrs. Slater, proprietress of the hotel. The fire broke out by a gas explosion, and the building was rapidly consumed. There were several narrow escapes from death.

## COAL TAX DENOUNCED.

British Operators Threaten to Suspend the Trade.

LONDON, April 22.—At largely attended meetings of colliery owners, miners and shippers, in the various coal centers today, the export tax on coal was vigorously denounced, and threats were made to co-operate and suspend the coal trade of the United Kingdom, unless the impost was withdrawn. At the same time the shipping of coal is being refused on the strength of the promise of the chancellor of the exchequer to consider the exemption of contracts made prior to the presentation of the budget.

## Another Invasion Contemplated.

EVANSVILLE, Ind., April 22.—The coal miners of southern Indiana have returned to work, and the mines are running on steady time. It was reported last night that another invasion is to be made into Kentucky soon, and that the miners will carry winchesters. Several organizers of the United Mine Workers are in southern Indiana, and their work is something, but what the public is not aware. It is said the next invasion will be kept a secret, and the men will be the non-union fields before the operators are aware of it.

## W. C. Scott's New Position.

W. C. Scott, formerly editor of the Mine Workers' Journal, published in this city, has accepted a position with the Canadian Pacific railway, and will have quarters at Montreal, Quebec. He will purchase all the fuel used by the company. Mr. Scott entered a coal mine in Ohio when mere boy, and worked in a mine until a few years ago. The new position came to him unsought.

## SCOTTISH RITE WEEK.

One Hundredth Anniversary will be Celebrated at Chicago.

CHICAGO, April 22.—Chicago will be given over to the entertainment of members of the Ancient Accepted Scottish Rite of the Masonic order, the forty-fourth annual reunion of Oriental Consistory was opened to-day in the Masonic Temple and will continue for four days. An extensive program of exercises has been prepared and will be presented. The celebration of the one hundredth anniversary of the founding of the Scottish Rite in the United States.

## THE PIKE WAS CUT.

Snap Judgment Taken on Mr. Adams's Protest.

SHELBYVILLE, Ind., April 22.—Last week Thomas B. Adams stopped the "Pike" railroad, and at Charleston, S. C. Snow is reported at Gainesville, in northeast Georgia, the mountain-top being capped with white—an unusual sight at this time of the year. Albany, in South Georgia, reports the estimated damage to cotton at 50 per cent., and that watermelons and cantaloupes have been injured 25 per cent. Fruit in that section is apparently safe. American, in southwest Georgia, wires that considerable replanting of cotton will be necessary.

## FAIRY TALE FROM NOME.

Miners Did Not Perish in the Blizzard.

VANCOUVER, B. C., April 22.—The reported blizzard at Nome, in which two hundred miners are alleged to have perished, is discounted by arrivals here from the Klondike. The Skagway papers further investigated the report after receiving the latest announcement, and telegrams were received at Skagway from Dawson stating that the miners had been rescued. The report from Nome to Dawson, had probably been imposed on.

## OHIO MINERS OUT.

Twenty-Five Hundred Reject Dead Work Sale.

COLUMBUS, O., April 22.—Twenty-five hundred miners workers of the lower part of the state, of Ohio and West Virginia, went on strike to-day. The miners have been working under a temporary agreement for the past three weeks. The strike was caused by a disagreement in regard to dead-work wages. There is likelihood of the strike affecting mines in other districts of the State whose operators are interested in the district mentioned.

## BOND AND INVESTMENT CO.

D. P. Erwin and Others Incorporated—Other New Companies.

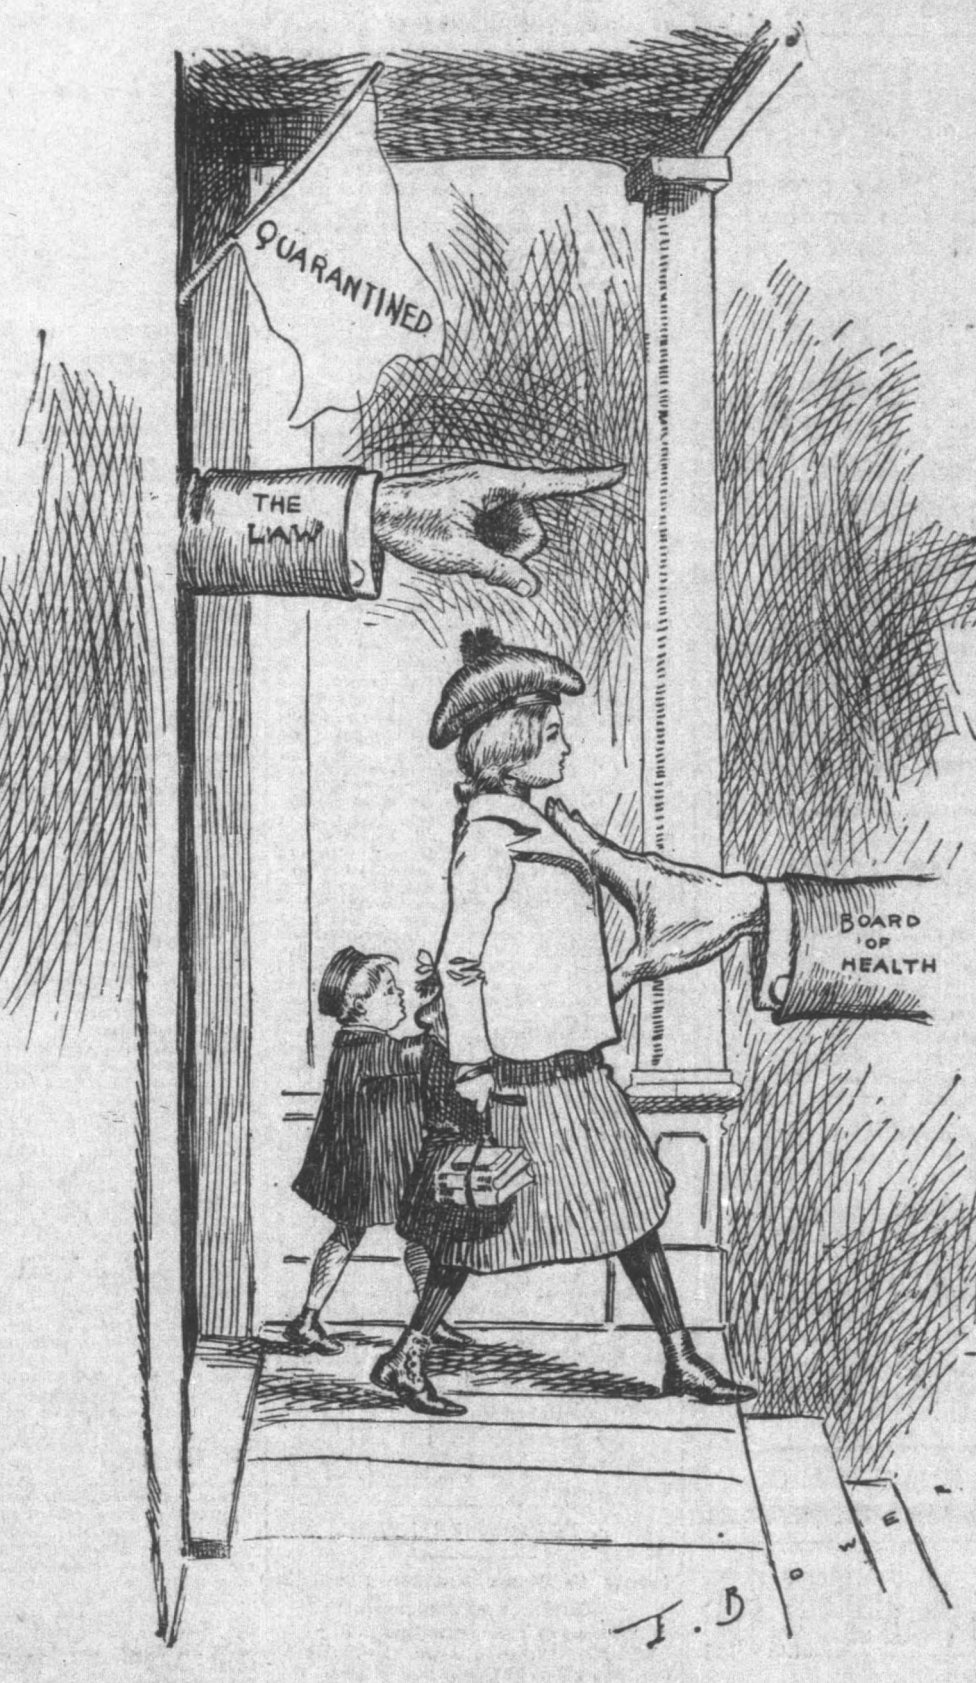

Daniel P. Erwin and others have incorporated as a bond and investment company, with a capital stock of \$600,000. The directors are D. P. Erwin, Charles H. Erwin of New York, his brother, and Alvin S. Lockard, of this city. Other incorporations are: The Standard Match Company, of Terre Haute, capital stock \$250,000, and the Stone City Gas and Coke Company, of Bedford, capital stock \$25,000.

## Fatally Trampled by a Horse.

SHELBYVILLE, Ind., April 22.—A son of George Coers, son of town, was fatally trampled by a horse this morning.

## LEGISLATURE VS. HEALTH BOARD.

Shall They be Allowed to Go to School?

## UNCIE CARPENTERS BOLT.

Will Not Accept Compromise with Contractors' Alliance.

MUNCIE, Ind., April 22.—Just as the differences between the journeymen carpenters and the contractors belonging to the Gas Belt Alliance seem to be on a point of settlement, the journeymen's committee on arbitration assumed authority that has brought about a worse muddle than ever. The journeymen secured 30 cents an hour from contractors who do not belong to the alliance, while the alliance has held out for 28 cents and nine hours a day. A committee from the journeymen and alliance had a session last night, when the journeymen's committee agreed to take 29 cents an hour, but the contractors would not agree that the contractors might decide who were not competent workmen, and the meeting was adjourned. This was a victory for the contractors. The carpenters decline to stand by the work of their committee.

## AGUINALDO TALKING.

Tells How General Lawton Spoiled His Plans.

LONDON, April 22.—A dispatch from Manila quotes Aguinaldo as saying: "During the war with the Americans I was captured by General Lawton. I was taken to San Francisco, and then to New York. I was held in a prison, and then I was released. I am now in Manila, and I am talking to the people. I am telling them how General Lawton spoiled my plans. I am telling them that I am now free, and that I am now in Manila. I am telling them that I am now in Manila, and that I am now in Manila."

## SCHOOLS IN PHILIPPINES.

Sidney C. Newsum, of This City, Will Take a Superintendency.

Sidney C. Newsum, teacher of English and Latin at the Manual Training High School, has accepted the situation of superintendent in one of the school divisions of the Philippine Islands. Mr. Newsum is a native of this city, and is a graduate of the University of Chicago. He is a member of the Phi Kappa Phi Honor Society, and is a member of the Phi Beta Kappa Society. He is a member of the Phi Gamma Delta Fraternity, and is a member of the Phi Kappa Phi Honor Society.

## LITCHER COUNTY FEUDISTS.

Still Holding Their Own Against the Posse.

LONDON, Ky., April 22.—The report comes to London from Letcher county today that over one hundred shots were fired Sunday morning between the slayers posse and the Reynolds gang. The posse was led by Deputy United States Marshal Holfield, and the slayers were led by the slayers. The posse was successful in capturing the slayers, and the slayers were taken to the county jail. The posse was successful in capturing the slayers, and the slayers were taken to the county jail.

## MORE BOERS TAKEN.

Kitchener Notifies the War Office—Editor Convinced.

LONDON, April 22.—Kitchener, in a dispatch to the War Office, under date of Pretoria, April 21, says: "Since my last report to the War Office, I have captured 348 Boers, and I have captured 348 Boers. I have captured 348 Boers, and I have captured 348 Boers. I have captured 348 Boers, and I have captured 348 Boers."

## KITCHENER NOTIFIES THE WAR OFFICE.

Editor Convinced.

## SENTENCED TO DEATH.

Murderer Must Die Friday Morning, August 23.

[Special to The Indianapolis News.]  
WABASH, Ind., April 22.—Judge Shively, of the Wabash Circuit Court, this morning overruled a motion for a new trial in the case of John Rinkard, found guilty of murdering his wife at Marion, and sentenced him to death before sunrise, Friday, August 23. In his ruling Judge Shively said that the new evidence offered was cumulative, and that the expert witness for the defense erred in testifying that attempted suicide is evidence of insanity, as the homicide was the natural culmination of thirty years of brutality. Rinkard, who had never before addressed even two attorneys, spoke for ten minutes, claiming that the witnesses for the prosecution had lied to falsehood. He showed emotion, but did not break down.

## FIVE CHILDREN MURDERED.

Robbers Commit a Terrible Crime in France.

CHARTRES, France, April 22.—This town has been horrified by the murder of five children and the attempted murder of their father, a farmer named Briere, residing in the neighborhood of Chartres. Two tramps, who had been found in the absence of Briere, last evening, killed four girls, age fourteen, eleven, five and three, and their mother, who were in bed and apparently asleep. Briere returned home after the murders were robbing the house. They heard him enter the courtyard, attacked him, and after a desperate struggle, left him dead with four stab wounds in the head. The murderers then escaped with \$600 francs and a number of objects of value.

## CHANCE FOR ARTILLERYMEN.

This Branch of Army to be Materially Strengthened.

NEW YORK, April 22.—Thirteen thousand men will be immediately enlisted by the War Department, to bring the artillery corps up to its authorized strength of 15,000 men. Because of the need of artillerymen in the Philippines, the War Department has decided to enlist 13,000 men, to take care of the costly guns and carriages protecting the coast. Secretary Root has given instructions for the enlistments. General Miles recommended to Secretary Root last month that the artillery corps be enlisted up to its full strength, because of applications coming from army officers on both the Atlantic and Pacific coasts for additional men.

## BEATEN BY FOOTPADS.

Street Car Conductor Assaulted and Robbed of Twenty-Four Dollars.

W. R. Jones, a street car conductor, living at 1430 East Washington street, was found in a semi-conscious condition, at Indiana avenue and Vermont street, early this morning, after he had been beaten by three footpads. The footpads took from him \$24. The police, who were called, could find no trace of suspicious characters.

## PATRICK FACES THE JURY.

With Meyers and Short, He is Taken Into the Room.

NEW YORK, April 22.—The consideration of the case of Albert T. Patrick, accused of the murder of William Marsh Rice, was resumed to-day by the grand jury. Shortly after noon the grand jury sent for Patrick, Meyers and Short, and the three men were brought from the Tombs and taken into the jury room.

## GRAND RAPIDS FRANCHISE.

A telegram to The News from Ft. Wayne says that the Grand Rapids Franchise has been secured by the Western Association. In view of the peculiar circumstances Meyer does not believe that the National League will discipline Ellis for playing with Detroit.

## EXTEND GAS MAINS

## Companies May be Compelled to Do It.

## SECTION IN NATURAL GAS ORDER NANCE CITED.

## HENRY WARRUM FINDS IT

## ASKS WORKS BOARD TO PROCEED UNDER IT.

The Section Gives City Power to Order Extensions on Petition of Property Owners.

Henry Warrum has unearthed a section of the ordinance under which the natural gas companies operate in this city, by means of which he thinks the companies can be made to extend their mains on proper petition of property owners who desire service. The section is 1,065 of the ordinance of 1887. It reads as follows:

"Any corporation, company, firm or individual accepting the provisions of this ordinance, shall be compelled to furnish gas to all applicants for any purpose as provided for in Section 2 hereof, whenever applied for, and any such corporation, company, firm or individual shall be compelled to extend its mains according to most approved plan along any street, alley, avenue, lane or public grounds, contiguous to where its mains or other mains are already laid, within sixty days after being so ordered by resolution of the Common Council and Board of Aldermen, provided the same shall be petitioned for by owners of real estate along the line proposed to be extended, and that ten per centum of such petitioners shall agree to become consumers of gas, and that, in the opinion of the Common Council and Board of Aldermen such proposed extension is reasonable and ought to be made, and shall continue such work and push the same to completion as rapidly as possible, and failing to comply with any such order shall be liable to a fine of not more than \$100, and each day's failure to comply with any such order shall constitute a separate offense."

The city charter has been adopted since this franchise was granted, and the question now is whether the City Council or the Board of Public Works succeeded in getting the power to extend the section to the Common Council and board of aldermen. Assistant City Attorney Bell says it is peculiar that in all the litigation with the gas companies, which has been attempted to force the companies to extend mains or make connections, no one has proceeded under this section of the ordinance. Mr. Warrum and Henry Warrum to-day filed with the Board of Public Works a petition asking that the Indianapolis Gas Company be compelled to extend its natural gas main further south in the alley between Meridian and Illinois streets, so that it will serve their house, at 3314 North Meridian street. The petition sets out that the company has refused to extend its mains to the main, coming from the north stops about 115 feet north of the Warrum lot. The petition sets out that the company has refused to extend its mains to the main, coming from the north stops about 115 feet north of the Warrum lot. The petition sets out that the company has refused to extend its mains to the main, coming from the north stops about 115 feet north of the Warrum lot.

## WILHELMINA ANGRY.

Husband's Creditors Are Now Annoying Her.

LONDON, April 22.—Special dispatches received here from Paris report trouble at the castle of Huis Loos, the residence of Prince Henry, the husband of Queen Wilhelmina. It is said that shortly prior to his marriage he promised his creditors in Berlin to pay them \$100,000. He was third of his debts within a month of the wedding, but the money has not yet been forthcoming, and the money-lender formally applied to a county surveyor. The latter declares her husband must pay his own debts out of the allowance made for him by the queen. The creditors have formed a syndicate, and purpose to negotiate the prince consort's affairs. Wilhelmina is reported to be very angry.

## BRIEF INDIANA TELEGRAMS.

FRANKLIN, Ind.—Grace, the ten-year-old daughter of Mr. and Mrs. W. E. P. died Saturday night of diphtheria scarlet fever.

MILROD, Ind.—A contract has been awarded for adding a second story to the Cottage Hotel, owned by John S. Smith. Growing business demands increased capacity.

FRANKLIN, Ind.—Robert S. Sturgeon lost a large sum of money by investing in a building which was burned, but \$1,000 worth of farm machinery was destroyed. There was no loss to Sturgeon.

VERSALES, Ind.—John C. Harsch, of Osgood, shot and killed himself to-day. He was a member of the local militia, and was in the service of the State in the late war. The cause of suicide is unknown.

BROWNSTOWN, Ind.—James W. Bower and Anna Mitchell, until a few days ago inmates of the county jail

## CRIPPLED TRAIN SERVICE

FLOODS WORRYING RAILROAD MEN EVERYWHERE.

Both Passenger and Freight Service Suffering—Tracks Being Carefully Watched.

"This is the time that tries the souls of railroad men," said a transportation officer, picking up a report and reading it with a sigh. "All of the railroad men are uneasy, and those who have lines on rivers or large streams are particularly anxious. As yet the weather has not been the cause of any bad accidents, but there is no telling what may happen at any time. The railroads have large numbers of track walkers out and the bridges and culverts are examined before any trains go over them. The ground is so soft that frequent and careful inspection of the tracks must be made. The rising waters of the Ohio river are making trouble at a number of points. The Big Four passenger station at Cincinnati will not be reached after 6 o'clock this evening until the water recedes, and at New Albany, Louisville and Jeffersonville the Pennsylvania lines are suffering from the floods. At Rockport the Southern railway is practically tied up and all the lines are in more or less trouble at Evansville.

The heavy storms in the East caused long delays and all through trains were late from Saturday morning until this morning. To-day the through trains are making better time, but the freight service is also suffering and some of the roads are preparing notices to be sent out soon if the waters do not recede, as where the road men are anticipating as much trouble as they had in 1884.

## Concerning Railroad Men.

A. J. Martin, traveling passenger agent of the Burlington, is in the city for a few days.

General Superintendent Park of the Pennsylvania lines west of Pittsburgh, is in the city.

General Superintendent Graves, of the Indiana, Decatur & Western, is taking a trip over the road with the passenger car.

S. D. Kramer, superintendent of the Lima division of the Big Four, has resigned to go into other business.

Frank Wilson, chief clerk to Superintendent Van Winkle, of the Big Four, is at Mineral Springs, taking the mud baths there.

General Superintendent Tompkins, of the Peoria & Pekin Union, is in the city, consulting with President Barnard, concerning some improvements to be made.

H. A. Cribbs, at one time stenographer for C. S. Rhoads, superintendent of telegraph on the Big Four, has taken a position with the chief engineer of the Northern Pacific, at St. Paul.

## Local Car Movement Last Week.

The total car movement on the Indianapolis lines, last week, was 25,541, of which 22,332 were loaded and 3,209 were empty. Last year the movement was 26,786, with 20,709 loaded and 6,077 empty cars. In 1899 the movement was 25,342, with 20,331 loaded and 4,911 empty cars. On the individual lines the movement was as follows: Peoria & Eastern lines—East district, 1,079, against 831; West district, 933, against 870; Pennsylvania lines—Indianapolis & Vincennes, 943, against 491; Louisville division, 1,182, against 790; Chicago division, 391, against 1,132; Indianapolis division, 1,364, against 1,319; Vandalia, 2,211, against 2,221. Big Four lines—Indianapolis division, 2,410, against 2,511; Cincinnati division, 2,048, against 2,365; St. Louis division, 2,138, against 2,191; Indianapolis division, 2,410, against 2,511. Lake division, 355, against 558. Cincinnati, Hamilton & Dayton, 874, against 864. Indiana, Decatur & Western, 424, against 540. Monon, 611, against 653.

## President Hill's Fast Run.

President J. J. Hill, of the Great Northern, landed in St. Paul yesterday after a record breaking run from Seattle. The distance traveled by the special train, made up of three private cars, was 1,923 miles, and the time was forty-five hours and fifty minutes. Part of the distance was made at the rate of eighty-six miles an hour and seventy miles an hour was a common average. At no time did the train make less than forty miles an hour. It is believed by railroad men that the speed of this train has never been equaled on so long a run.

## Northern Michigan Sleeping Cars.

The Pennsylvania has arranged to start its summer sleeping-car service to northern Michigan, June 30, with through sleepers on the train that leaves here at 7:10 in the evening. This service is from St. Louis and Louisville, via Richmond and Indianapolis, the same as last summer. It will be discontinued Saturday, September 28. It is understood that special sleeping cars may be run at any time necessary, prior to June 30, to northern Michigan points.

## High Pennsylvania Officers Coming.

A. J. Cassatt, president of the Pennsylvania railroad, accompanied by L. F. Loree, fourth vice-president, will arrive in the city this evening for a short stay. President Cassatt has been traveling in Mexico, and is on his way home. The president's party is traveling on a special train over the Vandalia, and will run special from this city over the Pennsylvania lines.

## C. R. &amp; M. Subsidies.

(Special to The Indianapolis News.)

PHILADELPHIA, April 22.—There is not much doubt but that the subsidy asked by the promoters of the Cincinnati, Richmond & Muncie will be voted at the election to-morrow. There is some doubt as to the result of the election at Canton, but the opinion is that it will also be in favor of the company.

## Saloon Keeper Tried for Theft.

Clyde Welner, formerly a saloon keeper in North Indianapolis, was on trial in the Criminal Court to-day, on the charge of stealing \$400 from Charles Hayes, colored. Hayes says he took \$400 in bank pension money into Welner's place and asked Welner to keep it for him in the safe, but that when he went to get the money next day, Welner had gone. The saloon keeper was arrested at New Albany, where he had deposited \$400 in a bank, and announced that he would open another saloon. One of the local breweries has filed a claim for \$300 against the money in bank.

## Humors

Spring's Inheritance From Winter.

Waste matters which the skin, kidneys and other organs were too torpid (in the cold days) to take care of, and can not take care of now without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, and other eruptions, loss of appetite, that tired feeling, bilious turns, it's of indigestion, dull headaches and many other troubles common in the spring are due to them.

## Hood's Sarsaparilla

removes all humors, overcomes all their effects, strengthens and tones the whole system.

"I broke out with pimples, boils, etc. Hood's Sarsaparilla stopped this breaking out and improved my health."—HARVEY ELTON, Sharon, Kan.

Hood's Sarsaparilla promises to cure and keeps the promise.

## DAMAGE BY FLOOD.

Continued from Page One.

the Potomac river at Harper's Ferry was 13.5 feet, a rise of 3.5 feet since 8 a. m. yesterday. This will cause a marked rise in the river at Washington, and cellars in the low section of the city will be flooded to a depth of several inches by to-night.

## SNOW IN TENNESSEE.

The Weather is Cold and Fruit Has Been Killed.

HUNTSVILLE, Tenn., April 22.—There is from four to six inches of snow on the ground here and it is still coming. Enough snow has fallen since Friday to make it twelve inches deep if none had melted. It is very cold and much fruit has been killed. A full-grown cow was frozen to death in the streets yesterday.

## Trains Run to Cleveland.

CLEVELAND, O., April 22.—For the first time in more than forty-eight hours trains began arriving in Cleveland to-day on schedule time from the East. Between this city and Buffalo, where the storm wrought such havoc to telegraph and telephone lines, a limited number of wires have been restored and placed in service. Between Cleveland and Pittsburgh all direct telegraph lines are still down. The suburban and city electric railways were operated to-day with practically no delay to traffic.

## A Great Flood Looked For.

(Special to The Indianapolis News.)

EVANSVILLE, Ind., April 22.—River men in this end of the state are predicting the greatest flood in years, and are making preparations to meet it. The river is rising rapidly, and will reach the danger line (thirty-five feet) by Tuesday. Farmers are preparing to remove from the bottom lands the greatest flood of the year. Years ago took place in 1884, when the river here reached forty-seven feet.

## Buffalo's Exhibition Delayed.

BUFFALO, N. Y., April 22.—The gates of the Pan-American Exposition grounds were closed yesterday. Every available man was put to work to offset the effect of the great snowstorm. The damage to the buildings is slight, but the delay in the landscape work and the building of roadways is considerable. The opening of the exposition May 1 will probably be delayed.

## Moving Portable Property.

(Special to The Indianapolis News.)

MADISON, Ind., April 22.—The river has risen twelve feet here since Saturday night. Dispatches indicate that the flood will equal the year 1884. All mills and factories along the river front are moving property to the highlands. There was thirty-eight feet of water at 9 a. m. to-day, with the river rapidly rising.

## One Man Drowned.

MARIETTA, O., April 21.—At noon the river here was forty feet and rising an inch an hour. No trouble has been experienced in the Muskingum river. Only one foot more is expected. Five glass-blowers of the Royal works were captured in the Ohio river and one of their number, Joseph Everett, was drowned.

## The Mohawk, Too.

AMSTERDAM, N. Y., April 22.—The Mohawk river has risen ten feet since Saturday night, and is still rising, already being higher than in many years. An abutment of the West Shore bridge at Pattersonville gave way early to-day. Some of the mills along the Chuskaunda creek are shut down, owing to the flood.

## No Business at Pomeroy.

POMEROY, O., April 22.—The river is fifty-five feet and rising two inches an hour. The business portion of the city is shut down from two o'clock to five, and business is entirely suspended. The merchants have all moved to the second story of their buildings and expect to save their goods.

## Genesee Not so Low.

ROCHESTER, N. Y., April 22.—During the past twenty-four hours the Genesee river has risen three feet, and it is rising at the rate of an inch an hour. Advice from up the valley say the lowlands are again submerged, and that several streams have run over their banks.

## Watching Lewistown Reservoir.

BELLEFONTAINE, O., April 22.—Constant watching and strengthening of the banks of the Lewistown reservoir have had a good effect and it is not now thought that the banks will break, although the water is still very high and furious.

## Kentucky River Booming.

FRANKFORT, Ky., April 22.—The Kentucky river is rising at a point two and a half inches an hour, and a heavy rain, which began Sunday morning, was still falling at noon.

## WU'S NEW PLAN FOR CHINA.

To Urge His Country to Adopt Western Civilization.

WASHINGTON, D. C., April 22.—The Chinese minister, Wu Tingfang, is about to make a move of far-reaching importance in the affairs of China and one which can not, it is believed, but engage the favorable attention of all the powers interested in the affairs of the empire. He is preparing a memorial to the Chinese government, based upon his intimate acquaintance with the western world, pointing out where there is opportunity for China to adopt an enlightened policy, which will bring it into harmony with the sisterhood of nations. The memorial deals with administrative, economic and financial questions. Probably the most important feature of the document is its general presentation of the view that the time is now ripe for China to adopt plans for conservative reform. In stating the need and advantage of this, the minister's memorial will point to the lesson Japan has given to the world.

## MARLBOROUGH'S MAKE UP.

Vanderbilt's English Duke Rejoins His Wife.

LONDON, April 22.—The Duke and Duchess of Marlborough, who left Paris yesterday, traveled together and arrived in London last night. They proceeded to Warwick House.

The Duke of Marlborough, after traveling for a month in the south of Spain, went to Paris, where he was met by the Duke and Duchess of Devonshire. While the duke was in Spain the Duchess had been in the Palace of Versailles. For the past three weeks she has been staying at her father's mansion on the Avenue des Champs Elysees. After the duke returned from Spain he visited his father-in-law, where he saw the duchess. The duchess drove yesterday to the Hotel Bristol, where she was joined by the duke, and together the Marlboroughs proceeded to London. This would indicate that all discord has been removed.

## OBITUARY.

CRAWFORDSBURY, Ind., April 22.—Mrs. Sarah Doherty, relict of Fisher Doherty, died here to-day.

LONDON, D. C. K. K. Tanaka, who had represented the Irish Nationalists in the middle division of Cork county, died here to-day.

ELGIN, Ill., April 22.—The Rev. Dr. Richard De Baptiste, colored, pastor of the 55th and Baptist church of Elgin, and for many years in charge of the Olivet Baptist church, is dead of pneumonia.

DOVER, Del., April 22.—Former Governor Charles C. Stockley, a picturesque figure in Delaware politics and formerly an associate State leader, is dead in New York.

LAFAYETTE, Ind., April 22.—Mrs. F. A. Reynolds, of this city, widow of the late William F. Reynolds, and reputed to be the wealthiest woman in Indiana, died very suddenly yesterday in Paris, France.

# WASHBURN'S

**RIGHT** when you most want a Carpet comes this chance. Our buyers secured almost every desirable odd roll of carpet in the possession of the principal carpet mills of the United States, and got them about 25 per cent. below what other dealers have to pay for the same goods. Manufacturers are glad to close out their odd rolls on account of the confusion they cause in filling regular orders. In all there are 380 odd rolls, averaging 50 yards to a roll. **BEAUTIFUL SPRING PATTERNS, THE BEST GRADES, AMAZING PRICES, TREMENDOUS VALUES.**

**"IF IT COMES FROM D. SOMMERS & CO., IT WILL WEAR"**

**Bedroom Suite** (Like cut.) An elaborately hand-carved design. It is highly polished; patterned French plate mirror of special size; a great bargain. Worth \$20.00. \$21.00

## A PRIVATE RIGHT-OF-WAY

FOR ELECTRIC LINE FROM THIS CITY TO LOGANSPORT.

Objection to Backing a Road Using the Public Highways—Contingent Agreement.

The Indianapolis & Logansport Traction company has closed a contract with John Blair McCreary, of Philadelphia, Pa., for the construction of its proposed road, contingent on a private right-of-way being obtained. Nearly three years ago a right-of-way over the Michigan road for the entire distance was obtained, but all efforts to finance the project were fruitless until the present deal was made with Mr. Blair. Speaking of the contract R. C. Light, secretary of the company, said: "After repeated efforts to finance the road we found that we could not get any one to take the contract to construct it over a public highway. There were several reasons for this. In the first place there is too much liability of accidents and damage suits if the road is built over a public highway. It is also impossible to make a high speed, and to compete with parallel street roads the electric cars must maintain a high speed. Again the cost of maintaining an electric road that is constructed over a highway is much greater than where a private right-of-way is used.

"We finally decided to accept the terms of Mr. Blair. We have a number of men now at work obtaining a private right-of-way, and I do not anticipate that we shall meet with much opposition. It is our plan to build the line along the west side of the Michigan road. Originally the latter was 100 feet wide, but gradually during recent years the farmers have moved their fences out until it is now much narrower. Thus the farm houses are, as a rule, a good distance back from the road, so I do not think that more than five or six houses will have to be moved for our line. Mr. Blair, who is backed by the General Electric Company of New York, will have a force of surveyors here, next week, to begin the survey."

**Building of the Road.**

The contract specifies that the road shall be completed within eighteen months from the list of May and work will begin a short time after the company obtains the private right-of-way. As a large majority of the people, it is understood, are in favor of the road, it is not expected that much difficulty will be met with from that source. The road is to cost \$3,000,000 when completed. The main line between here and Logansport will be sixty-seven miles long. The distance between here and Logansport over the Pennsylvania railroad is seventy-four miles. The plans of the company contain a side branch to Frankfort and another branch to Noblesville, by the way of Eagletown and Westfield from Northfield.

There are no large towns along the main line, but it is a rich farming country, with poor facilities, at present, for getting products to market. It is the idea of the company to haul freight, and the contract for the equipment calls for electric engines, which will be used in drawing freight cars. The average distance of the proposed line from any railroad is from seven to fourteen miles. The central power-house, which is to cost \$200,000, will be located at Kirkland, which is about midway between here and Logansport. There will be sub-stations at both ends of the line. The line is to be constructed of 72-pound steel rails and the cars at a speed of forty miles an hour.

The president of the company is Geo. J. Marrott, of this city. Mr. A. Jordan, of Logansport, is vice-president; R. C. Light, secretary, and Horace Wood, treasurer.

Mr. Light says that there is no doubt now that the line will be built, unless it is impossible to obtain a private right-of-way. Members of the company held a meeting here late Saturday afternoon and closed the deal with Mr. Blair.

## MUNICIPAL NOTES.

The City Council will meet to-night to consider in committee of the whole the plumbing ordinance. A fight is expected.

Superintendent of Police Quigley has filed with the Board of Safety charges of drunkenness against patrolman Thomas Rochford. The board will try the case to-morrow afternoon.

Building Inspector Bedell has condemned the two frame buildings owned by Louisa A. Van Wile at 419 and 421 East Wabash street. The Board of Works will give her a hearing April 25.

The case of Esther Spoon, ill with smallpox, was reported to the Board of Health to-day. She is five years old. In the house 160 North Arsenal avenue, there are two other cases, reported yesterday.

The Board of Works is still worrying over the proposed sewer in La Salle street. The property owners affected can not agree on a route for the sewer, and the persons who want relief from cellars full of water are loud in their demands.

There are two Republican substitute policemen to be appointed on the force soon. One of them will be John A. Hanlon, recommended by Admiral Brown. Hanlon will be the tallest man on the force, his height being six feet seven inches. He served under Admiral Brown in the navy as master-at-arms on a war-

ship, and was also, for a time, employed in the Norfolk navy-yard.

The Board of Works to-day granted to Nicholas McCarty permission to construct a levee across Harbor street, a point not less than 850 feet south of Raymond street, the work to be done to the satisfaction of the city engineer. McCarty and his associates own the land west of White river in this vicinity. Their plan is subject to approval by the county commissioners as to be a bridge across the river at Raymond street, and Raymond street is to be opened west of the river. The commission have given McCarty permission to build the levee to protect his land.

Councilman James Munro, of the Fourth ward, was before the Board of Works to-day asking that the Water Company be compelled to put water mains beneath the street from Roach avenue to Chicago street, (1,000 feet), and from Eighteenth street to Gent avenue (2,000 feet). He says that the two houses in Northwestern avenue that were totally destroyed by fire yesterday would have been saved but for the fact that water mains and plugs were lacking, the nearest plug being three blocks away, and the firemen who got there first did not have enough hose to reach. He asked for water mains in Northwestern avenue a year ago last January. Mr. Fanning, who was then chairman of the board, told him, he says, that the matter would be attended to, but the city engineer reported against the plan. The board to-day told Mr. Munro it would look into the matter again.

## USE OF REVENUE CUTTER

FOR CULVER ACADEMY AT LAKE MAXINKUCKEE.

Governor Durbin Notified that the School May Have the Vessel—  
Naval Studies.

Through the co-operation of Governor Durbin, the Culver Military School, on Lake Maxinkuckee, is to have a revenue cutter from the navy, for use as a training ship. Under a law enacted by Congress, any military school of a certain required standard and equipment, when indicated by the Governor of the State in which it is located, may apply for a revenue cutter, to be lent by the Secretary of the Navy. Colonel Fleet, superintendent of the school at Culver, was largely instrumental in obtaining the passage of the law. Governor Durbin indorsed the application of the superintendent made to the Secretary of the Navy, and to-day it was announced at the Governor's office that the application had been honored, and that one of the revenue cutters will be sent to Culver soon. The school will establish a naval department in connection with the infantry, artillery and cavalry departments already established. The school is entitled to one revenue cutter for each 100 students it has, but the Secretary of War says only one cutter is available for use at this time.

Eel River Road and Attorneys.

The question of attorneys' fees promises to be a conspicuous feature in the final settlement of the Eel River railroad case, which is expected to be brought about soon. Attorney-General Taylor, representing the State, went to Kokomo, Ind., to appear in the Howard County Circuit Court, where he expected Judge Brownlee to order the road sold. The railroad has been in the hands of a receiver for about a year and a half. It was placed in the receiver's hands by the Attorney-General, who brought legal proceedings against the road to prevent the completion of a road and the provisions as contrary to the laws of the State. The railroad consolidation bill of Senator Jones in last General Assembly, which was defeated by Governor Durbin's veto, would have applied favorably to the continued operation of the road under the receiver. Since the road has been in the hands of a receiver it has still been operated by permission of the State authorities. Now that the road is about to be sold the claims of attorneys filed and about to be filed amount into the thousands of dollars. Each claim will undoubtedly be investigated before allowed. The road is worth probably \$100,000. The Attorney-General said he expected the order to call for an early sale.

## DAILY CITY STATISTICS.

## Harry C. Paltz Injured.

A letter to The News from a member of the Forty-sixth United States Volunteers, stationed at Niac, Cavite province, Luzon, P. I., tells of an accident to hospital steward Harry C. Paltz, a former Indianapolis boy. Paltz was with a detachment engaged in a hunt for General Trias and on February 24 was severely, but not seriously injured by the fall of his horse.

## Sure Cure for Colds

When the children get their feet wet and take cold give them a hot foot bath, a bowl of hot drink, a dose of Ayer's Cherry Pectoral, and put them to bed. They will be all right in the morning.

## Ayer's Cherry Pectoral

Will cure old coughs also; we mean the coughs of bronchitis, weak throats, and irritable lungs. Even the hard coughs of consumption are always made easy and are frequently cured.

Three sizes: 25c, 50c, \$1.00.

If your druggist cannot supply you send us one dollar and we will express a large bottle to you, all charges prepaid. Be sure to give us your nearest express office. Address, J. C. AYER & CO., Lowell, Mass.

## Star Store's Mid-Season Reduction Sale

This has been an exceptionally cold and wet Spring. Right at the height of the season, when half the Spring goods should have been sold, we find ourselves very heavily overstocked. To reduce our immense stocks, and to do it quickly, we have lowered the prices considerably in all departments.

## Dress Goods Reductions

**ARRESTED FOR FORGERY.**

Man Who Gave the Name of E. C. Watkins—Checks at Stores.

A man giving his name as E. C. Watkins, was arrested Saturday night at the charge of forgery, and so far the police have been unable to learn anything about him. He visited W. W. Carter's store, 24 North Pennsylvania street, and ordered a check for \$50, purporting to be signed by H. H. Hanna, in payment for a bill of goods. Mr. Hanna, by telephone, declared the check a forgery, and bicycled to the store. The police found that Watkins had purchased a suit of clothes at the Globe clothing store, receiving \$25 in change from a \$50 check. He also visited Florsheim's shoe store and purchased a pair of \$5 shoes. He received \$35 in change for a check of \$50. A card was also obtained from the When and the Eagle stores, where he made unsuccessful attempts to pass checks.

Who arrested he had only \$11.50, and this fact strengthened the rumor that he had a confederate. He had four checks in his pockets, drawn on the Indiana National Bank, for \$50, \$25 and \$25, and one on the Merchants' Bank for \$50. All of them were filled out with a rubber stamp bearing the words, "Atlas Engine Works." Mr. Hanna's name was signed to all of them.

Acting Captain Asch questioned Watkins closely, but he "stood pat" and refused to answer questions. He was taken to the police he worked in Richmond, Ind., and again that he lived in Michigan. He had no papers in his pockets which might lead to his identification.

Watkins waived examination in the Police Court this morning and was sent to the grand jury. He is fifty-seven years old. An effort will be made to turn him through the Bertillon system. A telephone message to The News from Richmond, this afternoon, said that the description of Watkins did not tally with that of a man who is wanted there for similar work.

**WITH THE POLITICIANS.**

Robert C. Hillis, of Logansport, who was here yesterday, announced his candidacy for Superintendent of Public Instruction. He expects the support of his district—Clinton, Ellettsville, and Vanderburgh counties in the northern part of the State. The only other avowed candidate for superintendent is D. E. Coffey, who was defeated under Superintendent Frank Jones.

Daniel E. Storms, of Lafayette, was here to-day. He will be a candidate next year for the Republican nomination for Secretary of State.

There is already considerable talk among Republican politicians here of the probable candidates for county office next year. Clinton J. Care, deputy clerk under Superintendent Elliott, is a candidate for the nomination for clerk, and he will have the support of a number of the prominent machine men. There will be a formidable candidate if he enters the race. Cyrus C. Clark, former county sheriff, is slated for the nomination for auditor by the machine men. It was also predicted that he will get the nomination. When he stepped aside last year to give Eugene Sankey the nomination for sheriff, it was agreed that he would be nominated for auditor next year. Sheppard, present deputy auditor, is also a candidate. It was also predicted that Sauley will not be a candidate for re-nomination, but as yet there is no word from the Superior Court as to the number of candidates for treasurer. Judge Afford, of the Criminal Court, and Judge Leather, of the Superior Court, are also candidates for re-nomination.

**Indiana Postmasters.**

(Special to The Indianapolis News.)

WASHINGTON, D. C., April 22.—Indiana postmasters were appointed to-day as follows: Ball, Davies county, J. M. Scott; Boone county, J. R. Resinger; Cass county, W. R. Davies county, J. P. Cahill; Ellettsville, Emma Clarke, resigned; Delarbo, Sullivan county, P. N. Buchanan; Owen county, M. F. Farn, resigned; Darke, Owen county, W. G. Cassel, vice H. B. Devore, resigned; Laude, Whitley county, O. W. Keisley, vice L. L. Kimmel, resigned.

# STRENGTH IS SUCCESS.

The strong can force the door to success, while the weak plead vainly for entrance. The strong succeed because they are strong.

## Smith's Green Mountain Renovator is Health and Strength.

The person who takes this great "body-builder" regularly is not only sure of perfect health, but can go on from day to day discharging every duty that arises, keeping in good temper, meeting and making friends, indulging in wholesome pleasures, and finding life a delicious delight all the way. Such persons succeed in business, in society, in official life, and in almost everything they undertake, because their food digests, their sleep is restful, and their minds are enabled to work smoothly and at full capacity. If success does not come to them, they can work, fight, and persist in the struggle until they attain it. Their way through life is a path of roses.

But what of the sickly?—what of those who are tired in body, tired in brain, and tired in all the nervous forces that go to make up energy and strength? They fall by the way because they are not properly fed. They need the assistance to be found in that most wonderful of all medicines, **SMITH'S GREEN MOUNTAIN RENOVATOR**. The strength they lack it supplies. It makes their food digest, and their lungs expand with fullness of health, so that the very air they breathe gives them additional benefit.

They lack strength because they are starving; their brain is starving, their nerves are starving—starving for food that nature intended they should have, but which by reason of bad digestion and bad nutrition is turned rather into poison than into nourishment.

To them **SMITH'S GREEN MOUNTAIN RENOVATOR** is at once the Key that would open the door to success, the Sword that would enable them to overcome all opposition, the Shield that would protect them from danger, the Food that would sustain them unflinchingly through severest trial.

Taken into the stomach, it begins at once its wholesome and beneficial career. It assists in the digestion and assimilation of food, is conveyed into the blood and into the muscles and into the brain and into the furthestmost parts of the body, carrying health, vitality, hope, courage, and indomitable strength. It comes to the weak man and woman of today and makes them strong to-morrow. It comes to the emaciated, discouraged, and hopeless like a kind, loving friend, soothes their suffering, removes its cause, strengthens body and mind, and gives them joy by giving them perfect health.

Since first medicines were prepared for the ills that afflict mankind, nothing has ever been devised to equal

## DEATH OF R. F. SALT MARSH

STREET CAR MAN'S END GAME AT LOS ANGELES, CAL.

His Wife Died There in January—Connected with Local Lines for Years.

Word has been received of the death of Rezin F. Saltmarsh, in Los Angeles, Cal., where he went in search of health. Mr. Saltmarsh was connected with the street railway company of this city for fifteen years, and was made the paymaster and cashier when eighteen years old. He was born in Indianapolis thirty-two years ago. His health failed about three years ago and he went to Asheville, N. C., with the hope that he would recuperate. He stayed there for several months, remaining in and about Denver for nearly two years. He finally settled in Los Angeles. His wife, who was Miss Doris Macy, of this city, also in poor health, accompanied him. She died January 16, and was buried in Los Angeles. While in that city Mr. Saltmarsh became secretary of the Baker Iron Company, which position he held until his death. Last December Mr. and Mrs. William L. Saltmarsh, the parents of the dead man, went to Los Angeles and remained with their son until his death. Rezin's parents, Rezin Saltmarsh leaves a son, five years old, two brothers, W. F. Saltmarsh, of Sidney, Nova Scotia; Walter S. Saltmarsh, of the Hibben-Holweg company, of this city, and two sisters, Addie and Ella Saltmarsh. The family home is at 1721 Ash street.

REZIN F. SALT MARSH.

Two Sunday Fires.  
The two-story dwelling of F. M. Montgomery, at 1708 Broadway, was partially destroyed by fire, about 10:30 o'clock last night, causing a loss of about \$500. The fire caught from a kitchen stove while the members of the family were absent, and spread to the roof before being discovered.  
Two dwelling houses, at 2441 and 2443 Northwestern avenue, occupied by Charles Doepfner and Barbara Doepfner, respectively, were badly damaged by fire, yesterday morning, causing a loss of about \$1,000. The fire started from a defective fuse in No. 2441. At 58 Virginia avenue a stove started a fire, which caused a small loss in the home of Frank Gardner, last night.  
A fire, which caused a loss in the home of a stable belonging to M. Burns, at 1228 West Washington street. The loss was about \$100.

## THE REV. THOMAS DAY DEAD.

Aged Methodist Minister Who Spent His Last Years Here.

The Rev. Thomas Day, 209 Central avenue, died Saturday night after an illness which began last Thursday. He has lived in this city since 1883, coming here from Milwaukee. He was born in England, January 8, 1819, at Stoke Mills. His early life was spent in his father's farm, from which the town took its name. He afterward occupied a position with a large wholesale grocery. He became a member of the Wesleyan church and did considerable preaching. In 1847 he came to America, settling on a farm near Milwaukee. In 1849, at the time of the gold fever, he went to California, remaining there for three years when he returned to his farm. In 1856 he became a regularly ordained minister of the Methodist Episcopal church. He was admitted one year later to the Minnesota conference and was assigned to the post at Red Wing, where Bishop Hamlin has established what is now known as Hamlin university.

Through his efforts a large number of churches were established in that part of the country. Among them were the churches at North Pippin, Northfield, Cottage Grove, Menomonie, Monticello and Oatridge. He was in the active ministry for twenty years and returned to Milwaukee when he was superannuated, living there until 1883. He leaves a widow—Julia M. Day.

## In the City Pulpits

The Rev. Virgil W. Tevis preached a special sermon for Odd Fellows yesterday morning at the Fletcher Place M. E. church. The subject was "The Brotherhood of the Order with their families were present. The sermon was in celebration of the anniversary of the founding of the fraternity, and Mr. Tevis took for his subject the motto, "Friendship, Love and Truth."

"The Future of the Church" was the subject of the Rev. J. Cumming Smith's sermon at the Tabernacle church yesterday morning. He said that the conflict of sect and creed would continue until all the churches received an inflow of fervid spiritual life which would flush out all the chokes and purge out all the relics of bigotry, and that the church must depart from all stereotyped and artificial dogmatism about God's word.

The pulpit of the First Baptist church was occupied yesterday morning by the Rev. Samuel A. Perrine, who was for seven years a missionary in China and India. He spoke of the condition of the natives of those countries and said that in marked contrast with what their old religions had failed to do for them, Christianity had influenced those who had been converted, until they had reached a degree of civilization which they could not obtain in any other way, and that while it was true that they were not up to the standard of civilization of this country, they had learned to use the tools of civilization, and schools and support ministers and teachers.

The Rev. Hanford A. Edson, who was pastor of the Second Presbyterian church from 1884 to 1893, preached to that church yesterday morning on "The Supremacy of Religion." He said that religion examined from any point of view, wherever we turned and however we reasoned, must be acknowledged supreme as a duty, as a right, as a passion, as a discipline, as an aesthetic inspiration and as an immortal hope.

The life and work of Frederick Froebel formed the subject of the sermon delivered at Plymouth church yesterday morning by the Rev. H. C. Meserve.

The Rev. W. A. Quayle preached on "Tendency" yesterday morning at the Meridian-street church, as exemplified in the lives of General Grant and other great men who had accomplished great things.

Jack Cook, a traveling evangelist, will preach at the Meridian-street church to-night and will continue the services every night this week except Saturday.

At the Central Christian church last night the Rev. Allan B. Phillips preached on "The Many Stages of Christianity." He said that Christianity is broad enough to include the emotional, the practical, the intellectual, the judgment in the church by which we judged others.

At the Madison-avenue church last night the Rev. H. M. Moore spoke on the subject, "Wealth, A False Standard of Success."

The Rev. Frank Fox, of Terre Haute, preached at the Seventh Presbyterian church yesterday morning in the absence of the pastor, the Rev. R. V. Hunter.

## FOR A HARRISON MONUMENT.

Plan of Procedure by the Commercial Club.

A public meeting will be held at the Commercial Club assembly room next Saturday night for the purpose of adopting a plan creating a commission for the building of a monument to General Harrison. At the meeting held last Saturday night it was decided that no stock in the monument should be held by members of the commission and that certificate of membership shall be issued to subscribers to the fund. Definite plans for procuring the monument will be presented at next Saturday evening's meeting. The intention is to make the movement of national importance.

## FUNERAL OF E. C. ATKINS.

Many Friends and Workmen Attended the Simple Services.

The funeral services of E. C. Atkins were held at the home, 1312 North Meridian street, yesterday afternoon. Many friends and several hundred workmen from the factory where he was employed attended. The funeral services were simple, and consisted of a song by a quartet, the reading of the Scriptures, a solo by Mrs. Atkins, and a eulogy by the Rev. T. J. Villers, of the First Baptist church, of which Mr. Atkins had been a member for forty-five years. Several hundred friends accompanied the body to Crown Hill, where brief services were held. A memorial service will be held at the First Baptist church, next Sunday morning.

## Prohibitionists' City Campaign.

The Prohibitionists have made no official announcement as to what party they will take in the city campaign. There has been some talk of a city ticket, but those who are in position to know declare that the sentiment among the members of the third party is practically unanimous for the nomination of a city ticket and independent action. J. S. Sprout is in the field as evangelist for the party. He is a native of this city and has been at work three weeks. At the meeting to-night of the Indianapolis Prohibition League in the Murphy League Hall, at New York and Alabama streets, the subject will be "The Place of a Third Party in Politics." The principal talk will be made by the Rev. J. C. Brown, pastor of the First Friends' church.

## Three Sunday Fires.

The two-story dwelling of F. M. Montgomery, at 1708 Broadway, was partially destroyed by fire, about 10:30 o'clock last night, causing a loss of about \$500. The fire caught from a kitchen stove while the members of the family were absent, and spread to the roof before being discovered.

Two dwelling houses, at 2441 and 2443 Northwestern avenue, occupied by Charles Doepfner and Barbara Doepfner, respectively, were badly damaged by fire, yesterday morning, causing a loss of about \$1,000. The fire started from a defective fuse in No. 2441. At 58 Virginia avenue a stove started a fire, which caused a small loss in the home of Frank Gardner, last night.

## Two New Smallpox Cases.

The smallpox quarantine, which had been in existence for two weeks at 1600 North Arsenal street, was yesterday lifted yesterday, but two additional cases in the house were reported. The new patients are Mrs. J. A. Spoon and her daughter, four months old. The quarantine has been continued. The original patient, Mrs. Spoon's husband, who was taken to the detention hospital two weeks ago.

## Irvington Republicans.

A mass meeting of the Republican voters of Irvington will be held in the Odd Fellows Hall, in the Smith building, in Washington street, Irvington, at 8 o'clock to-night, to discuss the town campaign. Several selections will be given by a colored band. The Republicans sent out a circular Saturday evening promising economical government and to maintain the peaceful "home town" character of the suburb.

## STOMACHS THAT WON'T WORK

That Retain the Food and Refuse to Digest It, Make the Head Heavy and the Nerves Weak.

**Dyspepsia Tablets.**  
There is a cure for dyspepsia. Stuffers who have tried noxious nostrums will probably find relief in a few days. A simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken. Heaviness after eating, sour stomach, slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produces strong nerves, restful refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine more and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membranes lining the stomach and bowels. They help the digestive organs over the hard places and put them into a healthy, active condition. They effect a quick and permanent cure. You need not continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other end of the bowels as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterward.

Stuart's Dyspepsia Tablets are sold by all druggists at 10 cents for full-size package. Send for F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases mailed free.
